Zilbix

Zilbix is a business consulting firm focused on enabling meaningful transformation across strategy, operations and cost structures.

We support organizations in:

- Redefining business direction and priorities
- Strengthening decision-making through diagnostics
- Aligning operations with strategic objectives
- Driving measurable and sustainable performance improvement

Our approach combines strategic thinking with practical execution.

Growth Strategy & Value

Creation Turning strategy into results

Zilbix helps organizations identify growth opportunities and convert them into measurable outcomes.

Our services include:

- **Market and competitive analysis**
- **Business and performance diagnostics**
- **Revenue and value-lever identification**
- **Growth roadmap and execution planning**

By linking diagnostics with value creation, we ensure strategies are actionable and impact-driven.

Operating Model & Cost Optimization

**Designing Efficient and Agile
Businesses**

We help organizations improve performance by redesigning operating models and optimizing costs.

Key focus areas:

- **Operating model and process optimization**
- **Organizational structure and governance alignment**
- **Role clarity and accountability frameworks**
- **Cost structure review and efficiency improvement**

The result is an organization that operates efficiently while remaining flexible and scalable.
